

## Logging onto Ascensus

Ascensus is the record-keeper for your 401(k) plan. By accessing their website, you can view account statements, change your deferral amount, change your investments, calculate your personal rate of return for any time period, and use the retirement calculator to check how you're doing with saving for retirement. If you have not yet set up your account, follow the instructions for Enrolling in the Plan. If you have questions about the site or logging on, please call Ascensus at 866-809-8146.
